(Limit response to 300 words)

Our implementation of the National Child Safe Standards recognises that SHM does not deliver services direct to children but acknowledges that the children do sometimes attend on site – either at our Women’s House where they are in care of their mother, or school children visiting our residential aged care site where they are in the care of their teacher.

All documented procedures and processes are in place to manage the attendance of accompanied children on the site or more generally in service delivery. These processes reflect a risk assessment that has been recently documented and provision made to review annually
